

Dynaudio Custom Install

In-wall and in-ceiling installations:

authentic Dynaudio speakers, engineered to entertain

The Dynaudio Custom Architectural Studio range has been engineered without compromise.

We've developed cutting-edge mechanical solutions that solve the problems installers face – making the process as pain-free as possible.

The in-wall frames can be installed either way up and, like our in-ceiling units, have paintable magnetic grilles that can be swapped out if the room's design changes.

The frames even retrofit in many existing popular-sized cavities – meaning no tearing down walls.

Dynaudio heritage. Dynaudio craftsmanship... Dynaudio Custom.

In-wall (8in)

- Pre-install frame for ultra-simple tool-free fitting
- Unique patent-pending baffle latch for mounting speakers
- Paintable magnetic grille (rectangular)
- Internal magnet system for greater voice-coil control
- Designed and engineered in Skanderborg, Denmark
- Tuned by decades of high-quality audio expertise
